CHRISTMAS TREE Safety

As you deck the halls this holiday season, be fire smart. A small fire that spreads to a Christmas tree can grow large very quickly.

- Choose a tree with fresh, green needles that do not fall off when touched.
- Make sure the tree is at least three feet away from any heat source, like fireplaces, radiators, candles, heat vents or lights.
- Always turn off Christmas tree lights before leaving home or going to bed.
- Use lights that have the label of a recognized testing laboratory. Some lights are only for indoor or outdoor use.
- For more safety information; www.nfpa.org/education.

Holiday Gift Exchanges

1. General Rule: Supervisors may **not accept gifts from subordinates or Federal personnel who receive less pay.**
 - a. Exception #1: During holidays, which occur on an occasional basis, supervisors may accept gifts (other than cash) of **\$10 or less from a subordinate.**
 - b. Exception #2: Supervisors may accept food and refreshments shared in the office and may share in the expenses of an office party.
 - c. Exception #3: If a subordinate is invited to a social event at the supervisor's residence, the subordinate may give the supervisor a hospitality gift of the type and value customarily given on such an occasion.

Please note, there are no legal restrictions on gifts given to peers or subordinates, however, common sense (and good taste) should apply.

Holiday Ethics Reminders

1. You may not solicit outside sources for contributions for your party. This includes funds, food, and items.
2. Generally office parties are unofficial events, and you may not use appropriated funds to pay for them.
3. Beware that door prizes or drawings could involve gambling, which would require compliance with State statutes and Federal regulations.
4. You may not use appropriated funds to purchase and send greeting cards.
5. As a general rule, participation at holiday social events is personal, not official, and therefore use of government vehicles to/from such events would not be authorized.

Sam Houston Before the Battle of San Jacinto

"We view ourselves on the eve of battle. We are nerved for the contest, and must conquer or perish. It is vain to look for present aid: none is at hand. We must now act or abandon all hope! Rally to the standard, and be no longer the scoff of mercenary tongues! Be men, be free men, that your children may bless their father's name."
